DIRECTOR’S REPORT
Director Dennis Purves reported on:

1) The HVAC rep determined that in order to properly examine/test/change the performance of the system we will need the Honeywell CARE database. With the Honeywell CARE database in hand, it is recommended we review the programming and conduct on-site testing of the performance of each rooftop unit (2), each variable air volume box (26) and each fan powered box (11) to make certain they are operating as required. The cost to perform this service is $9,450. If any devices are defective or if we believe programming changes are needed, it will be brought to the Board’s attention and quote any additional work before proceeding. At the conclusion of this work, we will be able to certify and demonstrate that the systems are operating properly.
2) The Mayor is proposing an ordinance by which people parking in our lot who are not either staff or patrons may be towed. With the amount of snow lately, we've had serious problems with the lot being filled with people not actually using the library.

3) Preliminary contract negotiations were held with the professional librarian union on February 6th and the clerical union on February 11th.

7) On Tuesday, January 28th, I attended the Chamber of Commerce meeting held at the library.

8) What limited tax forms are sent have been put out for the public. The IRS and State give us less and less each year, obviously to push people into either printing them themselves or doing them online.

9) Since January 23rd, there have been 2671 checkouts, 2883 checkins, and 320 renewals. The meeting rooms will have been used 14 times, and the computer lab once.

10) There is a budget hearing for the library scheduled on 2/27.

(2) Requesting approval to authorize the payment of bills for the period of February 25, 2014 through March 24, 2014 in the amount of $519,695.07.

Mr. Ayres explained that this is such a large amount for bills due to $159,000 payable to the city for health benefits from April –December 2012 ($159,000) and August – December 2013 ($116,000.00). To cover the costs for these items, we will need to transfer $130,000 from the Building Fund and transfer it to the General Fund.
